

DAILY PROGRAM

Day 2 Agenda

October 4th (Friday)

Regal Room 名仕閣

08:00~16:00 Registration

08:30-09:30

Keynote Speech <7> Instability Arthroplasty

Moderator: Giovanni Di Giacomo, Kuo-Yao Hsu

08:30-08:42

Contemporary Insights into Multidirectional Instability of the Shoulder

Wei-Ren Su

08:42-08:54

How to avoid complications in Latarjet procedure

Giovanni Di Giacomo

08:54-09:06

Anterior Glenohumeral Capsular Ligament Reconstruction with Hamstring Autograft for Internal Impingement with Anterior Instability of the Shoulder in Overhead Throwing Athletes

Tadanao Funakoshi

09:06-09:18

From Gramont design to Frankle design (A French surgeon converted to Frankle design)

Philippe Collin

09:18-09:30

Shoulder instability: Reverse shoulder replacement

Yung-Chang Lu

09:30-09:40 Discussion

09:40-09:50 Coffee Break

09:50-11:50

Symposium <3> ELBOW

Moderator: Chih-Hung Chang, Pei-Hsi Chou

09:50-10:02

Revision of Failed Total Elbow Arthroplasty

Chih-Hung Chang

10:02-10:14

UCL injury of the Elbow: Risk factors & functionale outcome

Paul Pei-Hsi Chou

Exhibition Hall 會展廳

08:00~16:00 Registration

08:30-09:30

Symposium <2> Instability, Rotator Cuff

Moderator: Nobuyuki Yamamoto, Wei-Cheng Chen

08:30-08:42

Welcome to the 11th ACASEA 2024

Jih-Yang, Ko

08:42-08:54

Rotator cuff disorders: Rotator cuff tear: Long Head of the Biceps tendon is a Good Partner for Management of Massive Rotator Cuff Tear

Chen-Hao Chiang

08:54-09:06

Rotator cuff disorders: SCR with dermal patch: still an option for Massive rotator cuff tear?

Wei-Cheng Chen

09:06-09:18

Tears Progression and Fatty Change in Symptomatic Rotator Cuff Tears

Nobuyuki Yamamoto

09:18-09:30

Shoulder instability: My Surgical Strategy for Posterior Shoulder Fracture Dislocation

Chin-Jung Hsu

09:40-09:52

Shoulder instability: Innovations in fixation technique

Chih-Hui Chen

09:52-10:04

Shoulder instability: Management of failed ORIF for proximal humerus fracture

Hao-Che Tang

10:04-10:16

Shoulder instability: Failed Reverse Total Shoulder Arthroplasty

Chung-Hsun Chang

10:16-10:30 Discussion

10:30-10:40 Coffee Break

October 4th (Friday)

Regal Room 名仕閣

10:14-10:26

Pathomechanism and management of elbow osteoarthritis in competitive throwing athletes

Teruhisa Mihata

10:26-10:38

Utilising an internal joint stabiliser to address persistent elbow instability

Ching-Hou Ma

10:38-10:50

Total care of the comminuted distal humerus fracture

Ying-Chao Chou

10:50-11:02

Mechanical failure of total elbow arthroplasty

Chun-Ying Cheng

11:02-11:14

Functional outcome of Radial Head Fracture Fixation Using Tripod Technique with Headless

Deepthi N Reddy

11:14-11:26

Unstable elbow

Kun-Hui Chen

11:26-11:40 Discussion

12:00-13:00 EBM Meeting & Luncheon

13:00-14:10

Symposium <5> Shoulder Arthroplasty

Moderator: Giovanni Di Giacomo, Yung-Chang Lu, Liang-Tseng Kuo

13:00-13:10

Shoulder instability: Enhancing Surgical Results in Hemi-Shoulder Arthroplasty for Proximal Humerus Fractures

Liang-Tseng Kuo

13:10-13:20

Shoulder arthroplasty: Evaluation and Reconstruction of Glenoid Defects in Reverse Total Shoulder Arthroplasty

Chung-Hsun Chang

13:20-13:30

Shoulder arthroplasty Symposium: Revision shoulder arthroplasty

Chao-Yu Chen

Exhibition Hall 會展廳

10:40-11:30

Symposium <4> Unveiling the mystery of frozen shoulder

Moderator: Jih-Yang Ko, Feng-Sheng Wang

10:40-10:50

Trans-arterial micro-embolization (TAME) for adhesive capsulitis: Correlate with enhanced MRI and MR angiography

Bow Wang

10:50-11:05

An innovative platform to study myofibroblast activation

Ming-Jer Tang

11:05-11:20

A New Insight into the Molecular Mechanism Contributing to Shoulder Stiffness

Feng-Sheng Wang

11:20-11:30

Unlocking the Mysteries of Frozen Shoulder: a journey through translational research

Shu-Jui Kuo

11:30-11:40 Discussion

12:00-13:00 Luncheon

13:00-14:00

Symposium <6> ELBOW

Moderator: Yung-Cheng Chiu, Chun-Ying Cheng

13:00-13:10

Ultrasound-guided percutaneous ultrasonic tenotomy for upper extremity tendinopathy

Toru Omodani

13:10-13:20

Stiff Elbow Release via Medial and Lateral Approaches - Experience with 52 Cases

Yung-Cheng Chiu

13:20-13:30

Elbow periprosthetic fracture

Chung-Ying Chen

October 4th (Friday)

Regal Room 名仕閣

13:40-13:50

Failed total shoulder arthroplasty

Chao-Ping Chen

13:50-14:00

Biomechanics and biology in anatomic reverse

Giovanni Di Giacomo

14:00-14:10

Five-year Outcomes Analysis of Stemless Anatomic and Reverse Shoulder Arthroplasty in Patient under 55 years of age with Primary Glenohumeral Osteoarthritis

Ashish Gupta

14:10-14:20 Discussion

14:20-15:10

Symposium <8> Instability

Moderator: Ashish Gupta, Deepthi N Reddy, Cheng-Yo Yen

14:20-14:30

What Is Happening At The Moment Of Dislocation?

Nobuyuki Yamamoto

14:30-14:40

Biomechanical Evaluation of Fixation Strengths of the Screw and Button constructs in the Latarjet Procedure: A Cadaveric PSI guided Latarjet study

Ashish Gupta

14:40-14:50

Comparison Of Knotless Bankarts Repair And The Bruma(Bankart's Repair Using Mason-Allen) With Remplissage In Cases Of Anterior Recurrent Shoulder Instability With Subcritical Bone loss A Indian Experience

Deepthi N Reddy

14:50-15:00 **ORD-005**

Reverse Shoulder Arthroplasty in Acute Proximal Humeral Fractures – The DFER Approach

Kristine Ramos Italia, Mirek Karel, Hean Wu Kang, Christopher Child, Helen Ingoe, Sarah Whitehouse, Jashint Maharaj*, Kenneth Cutbush, Ashish Gupta

Exhibition Hall 會展廳

13:30-13:40

Ulnar Collateral Ligament reconstruction in Taiwanese Throwing Athletes

Wen-Yi Chou

13:40-13:50

Osteochondritis dissecans of the capitellum: update in diagnosis and treatment

Wen-Wei Li, Paul Pei-Hsi Chou

13:50-14:00

Is early trunk rotation dangerous for the pitchers?

Yu-Chuan Lin, Paul Pei-Hsi Chou

14:00-14:10 Discussion

14:10-14:58

Keynote Speech <8> Rotator Cuff

Moderator: Teruhisa Mihata, Wei-Ren Su

14:10-14:22

Rotator cuff disorders: Occupancy and fatty infiltration in clinical outcomes

Chun-Jui Weng

14:22-14:34

How to prevent postoperative complication in SCR

Teruhisa Mihata

14:34-14:46

Suture bridge Subscapularis double row repair

Li-Wei Hung

14:46-15:00 Discussion

15:00-15:10 Coffee Break

15:10-16:10

Symposium <9> Shoulder joint and arthritis

Moderator: Craig Ball, Chung-Hsun Chang, Iman Aminata

15:10-15:20

Three-dimensional morphometric analysis of glenoid in the Indonesian population and its clinical significance

Iman Aminata

15:20-15:30

Management of shoulder arthritis in the young patient

Craig Ball

October 4th (Friday)

Regal Room 名仕閣

15:00-15:10 OCL-003

Endoscopic treatment for shoulder deformities due to growth disturbance of the proximal humerus in children - clinical trials of 4 cases -

[Takashi Saisu*](#), [Makoto Kamegaya](#), [Yohei Tomaru](#), [Jun Kakizaki](#), [Yasuhiro Oikawa](#), [Ayana Kitta](#), [Kokuji Yoh](#)

15:10-15:20

ESWT application on non-union

[Jinyoung Jeong](#)

15:20-15:30 Discussion

15:30-15:40 Coffee Break

15:40-16:30

Symposium <10> Instability

Moderator: [Nobuyuki Yamamoto](#), [Pei-Hung Shen](#)

15:40-15:50

(1) Shoulder instability: Dynamic anterior stabilization with biceps long head and
(2) Remplissage procedure for patients with subcritical glenoid bone loss and Hill-Sachs lesion

[Chih-Hao Chiu](#)

15:50-16:00

Shoulder instability: Posterior shoulder instability

[Yin-Ming Huang](#)

16:00-16:10

SLAP clinical evaluation and decision making

[Fa-Chuan Kuan](#)

16:10-16:20

SLAP lesions in the military population: Tr-Service General Hospital Experience

[Pei-hung Shen](#)

16:20-16:30

Shoulder instability: Remplissage

[En-Rung Chiang](#)

16:30-16:40 Discussion

Exhibition Hall 會展廳

15:30-15:40

Management of frozen shoulder

[Chung-Hsun Chang](#)

15:50-16:00

Clinical outcome in arthroscopic of small to medium RCT with or without anterior supraspinatus tendon disruption

[Kuan-Ting Wu](#)

16:00-16:10

Management of brachial plexus injury with paralysis of the shoulder and elbow

[Hui-Kuang Huang](#)

16:10-16:20 Discussion

16:20-16:30 Coffee Break

16:30-17:50

ICL <3> Fellowship, ISMST Lifetime Achievement Award, Nobuhara Katsuya Award

Moderator: [Kai-Nan An](#), [Hiroyuki Sugaya](#), [Hiroshi Tanaka](#)

16:30-16:42

Renewed review on navigation and robotics in joint replacement

[Hani Haider](#)

16:42-17:05

Traveling Fellowship – US to Asia

[Paul J. Cagle](#), [Mohit N. Gilotra](#)

17:05-17:15

信原克哉賞 Nobuhara Katsuya AWARD

Can Belly Press Angle Predict the Severity of Partial Subscapularis Tear?

[Jae-Chul Yoo](#)

17:15-17:20

ISMST Lifetime Achievement Award

[Professor Ching-Jen Wang](#)

[By Profeseor Wolfgang Schaden]

17:20-17:30

Wireless Passive Implantable Force Sensor for Monitoring Rotator Cuff Repair Healing

[Chia Wei Lin](#)

17:40-17:50 ORI-007

Utilization of a markerless motion capture optical system for shoulder kinematics in comparison to the goniometer, inclinometer and marker-based system

[Jolene Li Lin Lee*](#), [Jun Liang Lau](#), [Lee-Kuen](#)

October 4th (Friday)

Regal Room 名仕閣

19:00-21:00 Gala Dinner

【Venue: E-DA Royal Hotel 8F】

Exhibition Hall 會展廳

Chua, Prayook Jatesiktat, Josephine Pei Wen Lam, Esther Wai Kuin Chok, Wei Tech Ang, Denny Tjiauw Tjoen Lie

17:50-18:00 Discussion

19:00-21:00 Gala Dinner

【Venue: E-DA Royal Hotel 8F】
